DECLARATION OF KENNETH P. GLYNN

I, Kenneth P. Glynn, declare as follows:

1. I am a registered patent attorney, Registration No. 26,893.
2. I am principal in the firm of Glynn & Associates P.C., 24 Mine Street,
Flemington, New Jersey 08822.
3. I am responsible for the prosecution of the above-identified United States
Patent Application.
4. On or about November 10, 2005, I received a Notice of Allowance in the
above-identified Patent Application.
5. In response to the Notice of Allowance, I had my secretary docket this on
“Patent Mate” computerized docketing and sent a letter on November 10, 2005 to the
client and discussed the Notice of Allowance with the client.

6. The Notice of Allowance included a drawing request (Notice of Draftsperson's Patent Drawing Review) that was unintentionally not docketed by the secretary who docketed the Notice of Allowance.

7. On November 30, 2005, the Notice of Allowance, the Issue Fee, and related fees transmittal was sent to the Patent Office with a Certificate of mailing by the undersigned. It was sent by Certified Mail and received by the Patent Office in a timely fashion. (However, a new set of corrected drawings was not included due to the docketing error.) A copy of all of the filed documents is attached hereto as Exhibit A.

8. As a result of the foregoing, the undersigned assumed that the payment of the issue fee and submission of the Notice of Allowance would result in receipt of a patent grant in due course.

9. Separately, the assignee of the record hired different patent counsel to pursue other patent matters and all of the Fourth Power Innovations, Inc. files including this one were retired. Upon recent inquiry of the issuance status by the client to the undersigned, an interoffice search revealed the notice of abandonment in a collection of low priority papers to be filed for retired files. As a result, this petition is being filed.

10. Based on the above, the undersigned represents that this application was abandoned unintentionally. Thus, it is respectfully requested that this Petition be granted and that the application be revived. In furtherance thereof, attached is hereto is the Submission Of Replacement Drawings with two sets of drawings.

11. I further declare that all statements made herein of my own knowledge are true and that all statements made on information and belief are believed to be true, and further that these statements were made with the knowledge that willful false statements

and the like so made are punishable by fine or imprisonment, or both, under Section 1001 of Title 18 of the United States Code and that such willful false statements may jeopardize that validity of the application or any patent issuing thereon.

Respectfully submitted,
